

CUSTOMER SUCCESS

The CMAC-THYSSEN Mining Group : An international Outlook, a personalized service

About the CMAC-THYSSEN Mining Group

CMAC-THYSSEN Mining Group possesses the necessary expertise, labour and equipment to help operate a mine project. The management at **CMAC-THYSSEN Mining Group** plans to continue its growth in a modern and safe way of doing business, which progressively increases production, while ensuring quality and productivity. The company has already signed numerous contracts with many mining and construction companies throughout the world.

Their mission is to be recognized as a world-class general mining contractor due to the excellence and precision of its operations, offering an integrated turnkey-style service. To be considered a leader in the profession.

Respect is also a priority at **CMAC-THYSSEN Mining Group** and is an integral component in the company's policies: Respect for strict norms in the area of environment protection by adopting safe operating methods and equipment; respect of our employees and their quality of life; respect for the needs of clients by providing rapid and efficient service through the total participation of the employees and in respecting our mission.

Company Profile

Employees: 350
Founded in: 1995
Field of activity: Mining
Location: Québec, Canada

Solution Chosen

The Enterprise SQL solution
Custom add-on

Challenge

A Dynacom client since 1997, the CMAC-Thyssen Group, which at the time counted 18 employees with a sales turnover of less than 2 million dollars, now needed a robust solution to manage the company which employs 350 employees and a sales turnover exceeding 50 million dollars. The solution had to be powerful, customizable and capable to respond to the growing needs of the company.

Solution

Built on Microsoft SQL Server database, architecture renowned for its unequalled efficiency and reliability, the Enterprise SQL Edition of Dynacom Accounting enhanced with a custom add-on developed by Dynacom, allowed solid practices for advance project management.

Benefits

By using the Enterprise SQL solution enriched with customized functions, the CMAC-THYSSEN Mining Group now benefits from:

- A stable business management solution with exceptional performances
- A management solution built to support business growth and flexibility
- Customized functions to meet their distinct management needs, helping them to make better business decisions
- Intuitive, easy to use software interface
- Comprehensive reports for easy follow-ups
- More free time to focus on building the company and improving the quality of the products and services offered
- Invest savings in other sectors more demanding
- Accessible, high-quality technical support

About Dynacom
