

CUSTOMER SUCCESS

NeoTech Software Solutions: Dedicated to research and development of emerging technologies

About NeoTech Software Solutions

NeoTech Software Solutions Ltd develops fully integrated data management solutions manufacturing businesses in food, plastics and pharmaceuticals.

Their team of professional developers and engineers design and implement solutions which are tailored to each of their customer's requirements. They deliver fully integrated solutions which are built to provide the most effective and efficient data management systems to include Accounting Software, Traceability and Labeling of every finished product to help their clients run their businesses more effectively.

They are dedicated to research and development of emerging technologies in order to implement more effective ways to track and trace products throughout the supply chain.

"Our mission is to establish NeoTech as the leading provider of fully integrated data management solutions to the food industry in Ireland, the U.K. and selected E.U. markets."

NeoTech Software Solutions is a Dynacom authorized distribution center for the entire Ireland.

Enterprise SQL solution
Custom development

Challenge

As a provider of fully integrated software, NeoTech Software was seeking a unique solution to serve clients in UK and France that would follow local accounting rules and regulations.

Solution

Built on Microsoft SQL Server database, architecture renowned for its unequalled efficiency and reliability, the Enterprise SQL edition of Dynacom Accounting includes advanced functions such as multi-warehousing, advanced security management, a specialized payroll module, a point-of-sale module, a financial statement generator, a powerful customization designer (Synergy professional edition), the direct-deposit module, a CRM module, and also gives access to a wide selection of add-ons.

Benefits

The Enterprise SQL solution offers NeoTech Software:

- Low licensing costs and quick installation
- A flexible management solution with unmatched customization capabilities
- A fully bilingual software for clients in UK and France
- A management solution built to support business growth and flexibility
- Accessible, high-quality technical support
- Comprehensive reports for easy follow-ups

About Dynacom

Well established Canadian company, Dynacom is maintaining its current growth by positioning itself as a leader in the financial software industry, reaching to more than 250,000 users of its accounting software worldwide. Dynacom serves the needs of businesses of all sizes by allowing them to customize their application to their specific needs.

With offices in Canada and in the United States, a call center in Australia, and training centers in Ireland and Qatar, Dynacom strengthens its international presence by continually adapting to new markets and offer cost effective and easy to use solutions for any type or size of business.
