### Solution Chosen

Enterprise SQL Solution

## Challenge

Pyrotek was seeking a powerful accounting solution to process complex payroll for more than 400 employees from several different provinces, various manufacturing sectors and diverse labor unions.

## Solution

Built on a Microsoft SQL Server database, known for its unequaled efficiency and reliability, the Enterprise SQL edition of Dynacom Accounting includes advanced functions such as multi-warehousing, advanced security management at the field level, a specialized payroll module, a point-of-sale module, a financial statement generator, the Synergy Designer (professional edition), the direct-deposit module, a CRM module, and also gives access to a wide selection of add-ons.

## Benefits

By using the Enterprise SQL solution, Pyrotek now benefits from:

- A powerful application that can process complex payroll for various sectors or locations
- Efficient payroll error handling (quick & simple paycheck cancellation)
- Faster processing by grouping employees according to their function by defining an unlimited number of deduction, income or benefit types
- Built-in time sheets
- Payroll direct deposit
- Personalized paycheck stubs
- A flexible application that handles exceptional situations
- Comprehensive payroll reports for easy follow-ups
- A better control on payroll processing
